

FISH-ful Saturday at The Pier Aquarium

**June 5 Tour the Great Barrier Reef
Noon-2pm, the aquarium**

Our own Curator of Exhibits *Butch Ringelspaugh* will take visitors on a “tour” of the world’s biggest coral reef in Australia!

Butch will discuss the geography of Australia, the reef critters and the environmental issues the Great Barrier Reef is facing today.

Our coral reef aquarium tank and its inhabitants will illustrate his presentation.

The talk will be followed by a family craft activity.

This FISH-ful Saturday is free with admission to The Pier Aquarium.
